Dear Naomi,

Re: Land Enquiry for Proposed Development Site at NEW SUPPLY, LEASIDE BUSINESS CENTRE, 43-44 GILLENDR STREET, LONDON, E14 6RN.

Thank you for your enquiry which we received on 7th May 2019. I enclose details of Cadent Gas plant in the vicinity of your proposed supply.

The nearest main with sufficient capacity is 0 metres from the site boundary and it is a Low Pressure main.

Standard design pressures have been used. Refer to www.Cadentgas.com
Please be aware of existing mains or services within the site boundary that may require diversionary or abandonment works, this will be costed upon receipt of a firm request.

This Developer Enquiry response is a reflection of the network at the time delivered and is not a guarantee of gas flow or capacity due to the changing dynamics of the gas distribution network. If you wish to secure capacity and connect to the network please submit quotation Connections Request via the official connections route allowing for further analysis to verify the capability of the network again.

Plans attached: Yes

A copy of the Cadent Connections Charging Statement referenced in this letter can be found on Cadent's website:

<http://cadentgas.com/Get-connected>

If you require a printed version please contact us on the details provided above.

I trust this meets with your requirements at this stage. If you have any queries please do not hesitate to contact Performance and Support on the above number.

Yours sincerely,

Claire Wilcox
Design Specialist
